

HOW TO GROW CURLED PARSLEY

Materials

- Soil
- Curled parsley seeds
- Water
- Pot
- Liquid plant food

Method

1. . Pour half of the dirt into the pot.
2. Sprinkle the seeds into the pot.
3. Throw the left over dirt into the pot.
4. Water the plant in the pot.
5. Put it outside to get some fresh air.
6. The next day put the liquid plant food with water into the pot.
7. Watch it grow everyday in the morning outside.
8. Take some curled parsley home everyday.
