

Emma's Journey In the Rainforest!!!

This is a picture of me in the rainforest!!! I don't actually know how I got here and I also don't know why I am in my school uniform, but I am having a lot of fun while I am jumping on the rocks!!! The rainforest is so beautiful. The water feels so cold and it looks so still and calm. I can see the light reflecting off of the water. The rocks are slippery because they have lots of green moss on them. I can hear the animals. I can also hear and see the trees and plants swinging in the breeze.

Although I don't know how I am going to get home, I still had a great time and I hope I can come back again another time in the future, maybe with some of my friends.
