

# Robert nearly falling off the edge!!

Hi this place is great. The view from up here is awesome and the water is sooo clean! There are so many types of and fauna like the lyrebird which live in the Daintree but right no I'm in the beautiful Amazon where all the monkeys live and hogs and so many others. Its different to home were I only see minors or magpies and pets but here it's much different. There is a wide variety of flora here. This is a lovely place and I don't want to leave it!!
