

Me in a Rainforest

This is a photo of me surfing down the outrageous rapids next to the dark mossy green rocks.

It was a perfect day hearing the birds tweet, the water trickling and the wind blowing as I zoomed down the rapids. It was as if I was in an endless sea of green. It was absolutely amazing with the beautiful bird nest ferns and over 100 species of plants and animals. This place is a plentiful, green, astonishing rainforest where anything can happen.

I have had so much fun and I would love to come here again and I hope it stays here!
