

# Visiting the forest

“Chirp” went the birds as they soared joyfully in the sky.

“Hiss” went the serpent as it slithered stealthily by.

“Splash” went the waterfall falling down the mountain.

Here I am at the beautiful waterfall. But, this waterfall was so high! I am afraid of heights! Then, I feel the cool clear water. It is so cold! I feel the wind!

The Amazon rainforest is a pretty place. There are leaves, trees and flowers.
